

Pomme de Terre Golf Club

The link between the past and the present could be YOU!

Give a gift to your community...

We would like the opportunity to honor individuals that leave their legacy with the PdT Golf Club for the future generations through a bequest.

A bequest could include a specific dollar amount, a piece of property, or a set amount of your estate.

Determining your impact...

These bequests may become a significant source of funding for PdT Golf Club.

They could provide a stable foundation for future generations.

Specific - You designate a specific amount of money or personal property to be given to a beneficiary.

Residuary - In your will or trust, you designate where the remainder of your estate will go after other bequests, debts, and taxes have been paid.

Contingent - If someone named in your will is no longer living at the time of your passing, you can name the PdT Golf Club as a contingent beneficiary.

Our History

PdT Golf Club was established in 1923 as a nine hole facility. Throughout the years it has been a vibrant part of the Morris community. For years, it was the home to a supper club and swimming pool. The clubhouse pictured at top left was destroyed by a fire.

Although those structures do not exist, PdT Golf Club is dedicated to restoring the course and once again making it a course that this community can be proud of. The course was purchased in April 2006 by a group of local businessmen.

Since that time, the course has been expanded to 18 holes designed by Joel Goldstrand, which opened in September 2007, a beautiful new 3500 square foot clubhouse, with a fully stocked proshop and snack bar, cart paths and numerous other improvements. In 2011, the community purchased the course and created a cooperative which is governed by a Board of Directors.
